2007 CITATION MUSTANG

SERIAL NUMBER 510-0021

ACCEPT NOTHING SHORT OF EXCELLENCE

The Citation Mustang is a small business jet manufactured by Cessna Aircraft Company. It is a relatively new addition to the Citation family of jets, designed to meet the needs of small business owners and regional charter companies.

The aircraft is designed to carry up to five passengers and is powered by two Pratt & Whitney Canada PW615A-F turbofan engines. It has a maximum cruising speed of 340 knots and a range of 1,150 nautical miles, making it suitable for short to medium-range flights.

The Citation Mustang's cabin is designed with comfort and functionality in mind. It features executive-style seating, a refreshment center, and a lavatory. The aircraft is also equipped with modern avionics and communication systems. The Garmin G1000 glass cockpit provides pilots with an intuitive navigation and flight management interface.

## AIRFRAME

- Total Time: 2925 Hours
- Total Landings: 2886

## ENGINES

- 2 Pratt & Whitney Canada, PW615A-F engines
- Thrust: 1460 lbs/side
- Dual-channel FADEC
- Left 2925 SNEW, Right 2227 SNEW
- TBO: 3,500 hours
- Enrolled in fully paid Power Advantage+
